Beacon College selects market leading LAKE Spend Control solution

South Cheshire College has selected College specialist Lake Financial Systems to implement a new Spend Control solution based on Proactis and SunSystems 5.

Julia Dowell, Deputy Director of Finance, explains the reasons for their choice:

"We are working to streamline procurement and reduce the paper chase around the college. As part of the implementation we shall be moving to a web-based system of catalogue contract ordering..."

.. The implementation of Proactis goes hand-in-hand with the roll out of improved procedures to control purchasing. At the same time, the College has appointed a new Procurement Manager."

Lake Financial Systems was selected for its expertise in Spend Control and understanding of the College sector. Reflecting on the choice of LAKE Spend Control, Julia Dowell comments:

"The set up has been very easy to manage; we went live within Finance only 4 weeks following installation..."

.. Proactis is an off-the-shelf product with all the features we need. We should have gone with the LAKE Spend Control solution a long time ago..."

.. I trust LAKE to deliver the best solution for the College."

About South Cheshire College

South Cheshire College provides a range of educational services and products for adults preparing for higher education or employment. Recently awarded Beacon Status, the ultimate standard for excellence in education, the College has been recognised as one of the best in the country.
